SUBDIVISION RESTRICTIONS:

- 1) If sewage disposal is by on-site facilities, a permit must be obtained for each lot.
- 2) Septic tank performance cannot be guaranteed, even though all provisions of the Parker County rules for Private Sewer Facilities are complied with.
- 3) Inspection and/or acceptance of a Private Sewage Facility by Parker County shall indicate only that the facility meets the minimum requirements and does not relieve the property owner of the responsibility to comply with county, state and federal regulations.
- 4) On-site sewage facilities, although approved of meeting minimum standards, must be upgraded by the property owner at the property owner's expense if the normal operation of the facility results in objectionable odors, if unsanitary conditions are created or if the facility at any time, does not comply with governmental regulations.
- 5) A properly designed and constructed on-site sewage facility, situated in suitable soil, may malfunction if the facility is not properly maintained and controlled, therefore, it shall be the property owner's responsibility to maintain and operate the on-site sewage facility in a satisfactory manner.
- 6) On-site sewage facilities must be designed in accordance with the rules established by Parker County and the topo design shall be based on the results of a site evaluation performed on each lot.
- 7) Any, except TXDOT, driveway culverts, if necessary, are to be installed by the property owner and in accordance with the policies of Parker County and shall be of sufficient size to pass the 10-year storm. In no case shall a driveway culvert be less than 18 inches in diameter on a proposed road.
- 8) Any underground utility company shall be contacted to verify depth and locations of utilities prior to any excavation occurring on the lot.
